MINISTERS' CONFERENCE.

Matters of vital interest to the success of the coming celebration to be held in Nashville September 17th to the 22nd, are discussed at the Ministers' Conference held ever Monday morning. The array of material that is to be used in furnishing men and women for active work from now on until the Convention, can be summed up in the following statement from a prominent member of the committee who said: "We have ninety-two organized churches among the Negroes in this city representing all denominations. We believe that the pastors, officers and the entire membership of these ninety-two churches which have a combined membership, according to the last census, of ten thousand church-going people, will care for and entertain the people who are to come here early in September. We believe that the Negroes of Nashville keenly appreciate the opportunity that will be offered to them to care for the Convention, representing as it does the largest Protestant denomination in the United States."

The Negro population of Nashville is forty-five thousand, according to the latest report from the Government. One-fourth of this number are able to care for some one in their homes. The people in general will care for from four to six delegates, hence no trouble will be experienced in caring for the twenty-five thousand people expected here in September.

Speaking of the improvements to be made at Greenwood Park, where the exposition proper is to take place, the proprietor, Rev. Taylor, declared that the buildings, the driveways and every modern convenience would be arranged at the park for the coming celebration, and that no money would be spared in putting the park in first-class condition. In addition to this, a perfect system or service on all car lines will be inaugurated to handle advantageously the immense crowds that the Baptists are planning to entertain here in less than sixty days. In every section of the city preparation is being made for the entertainment of these visitors. Practically every home owner in

Nashville among the colored people is remodeling, renovating or rebuilding their homes to a great extent, in order to be prepared to help entertain the Convention.

Y. M. C. A. NOTES.

Committee of Management of the Y. M. C. A., of which Dr. S. S. Caruthers is chairman and Wm. Crawford vice chairman, met in the Y. M. C. A. room Thursday, July 3rd, at 4 p. m. Some important business was transacted, the details of which will appear in later issues of the Globe. The committee seems determined to get down to business. It is thought by those who are conversant with these men and their relations to the various social spiritual and economic activities that at an early date, something commensurate with their station and ability will be done for the young men and boys of Nashville. Sunday afternoon at 4 o'clock in the Majestic Theatre there will be a special meeting held for the purpose of having the ministers meet with the Committee of Management for a brief conference. The ministers are specialists in this special field of labor, hence they have much valuable experience that they can impart to the committee, which will greatly help them in their effort to save the men and boys. Fifty letters have been sent out to as many ministerial brethren, setting forth the purpose and plans of the meeting. It is the earnest hope of the chairman, Dr. Caruthers, that at least fifty pastors will be present at this meeting.

Last Sunday at 1719 Patterson street, in the shady yard of Mr. Ed Mason, one of the most inspiring open air meetings of the season was held. Dr. T. L. Ballou, pastor of the Spruce Street Baptist Church, brought the Association the gospel message which has brought forth favorable comment from various sources. Messages brought by such men as Dr. Ballou will in time have effect for good. Christianity, the panacea for all the world's ills, is falling to reach men at our very doors because of the vague and indifferent manner in which we present it to them. If it is a good thing it should be presented in strong and convincing terms by strong, consistent Christian men. The play that will be presented at an early date in the Majestic Theatre is already attracting attention. "Perils of a Great City," is the title of the play. It is fascinating from start to finish. The participants are members of the S. E. A. Dramatic Club. Watch the Globe for announcement of date.

Mr. J. B. Richie, the popular all round athlete, is making a strenuous effort to get his team in form to make a better record for the next half of the schedule than was made in the first half and that was not bad—won 5 out of 7. Game at Hadley Park Monday at 4 p. m. The boys meet the gallant Baptist Hill Swifts. They know what they are up against the Y. M. C. A.

Remember mass meeting at Majestic Sunday at 4 p. m. Meeting closes at 5 o'clock.
